

Covid-19 Coronavirus Update:

Effective 3/30/2020 Residential Operations will run as follows:

- **Trash Collection:** Normal Schedule
- **Recycling Collection:** Normal Schedule
- **Bulk (Large Item) Collection:** Temporarily suspended until further notice

We are implementing this temporary change so that we can focus staffing and trucks on trash and recycling collection. We are seeing large increases in trash and recycling volume due to families staying in their homes. Keeping trash and recycling cleaned up is our top priority and Bulk routes take up resources that are needed to handle the increased volume of trash and recycling. Thanks for your partnership in these challenging times!

We'll handle it from here.®
